Dear Customer:

Thank you for choosing S & S Trash Service for your disposal needs. We hope to continue to provide great service to you, to do so we need your cooperation. Please read this letter in its entirety and mark the scheduled changes on your calendar.

Continuing to use 30 to 35 gallon bags or cans is greatly appreciated to avoid injuries to our employees. Please keep the weights below 40 lbs., our throwers need to be able to lift each bag or can by himself, if he can't it will have to be left set. There is a fee of **\$2.00** for each bag of garbage over your limit. **We no longer accept burning barrels full of ashes: they need to be put into smaller containers.**

Please put kitty litter in a bag to dispose of it. All hypodermic needles must be placed in a can or some type of sealed container. All broken glass should be placed in a box so it won't cut through your bag.

Due to new federal laws, we are unable to accept any electronics: TVs, computers, phones, Tires, Appliances, Propane tanks, and Car Batteries, they will need to be taken to a recycling drop off location. If you need additional information please visit Mifflin County Solid Waste Authority at www.mifflincountyswa.com. Propane tanks are not accepted at this facility!!

We cannot accept the following items: leaves, grass clippings, and Christmas Trees. Usually each township provides a day when leaves and trees will be collected. Paint needs to be dried up in the cans.

Customers will be responsible for bills if they move and do not discontinue service.

We are now charging a **\$50** returned check fee.

There will be a 5% discount for paying for the year, if paid in January. This discount does not apply to dumpsters.

Refuse must be set out the night before your pick-up day.

Dumpsters that are over flowing will be charged an additional fee.
